1000-LB. STEER SELECTED BEST AT "ROUND-UP"

A 1,000-pound Hereford steer owned by Melvalene Nace, Hanover R. 3, was chosen as the best of the 23 animals entered by members of the Adams County 4-H Baby Beef Club at their annual "round-up" this morning at the Hamme farm near Abbotstown.

Mossadegh Aided On Way To Court

Former Iranian Premier Mohammed Mossadegh, center, is helped along, as he enters court at Tehran, Sunday, where a military tribunal is trying him as a traitor. He declared the court was not competent to try him on charges he tried to overthrow the monarchy.

"Cut Off My Head" Shouts Screaming, Sobbing Premier

TEHRAN, Iran (AP) — Screaming, sobbing ex-Premier Mohammed Mossadegh attempted to walk out of a court martial trying him for his life today after a wild fist-swinging scene climaxed his attempts to disavow his court-appointed lawyer.

The 73-year-old politician—accused of defying the Shah, trying to overthrow the monarchy and illegally dissolving the Majlis (lower house of Parliament)—shouted at his judges:

"Give an order to cut off my head, but I must defend myself."

It was the third straight day of emotional fireworks staged by Mossadegh, virtual dictator of Iran before his overthrow last August by royalist supporters. He told the

tribunal yesterday he would commit suicide if released and would not appeal if convicted.

He also threatened to boycott future court sessions, asserting that the court was not competent to try him.

Today's outburst came suddenly after an all-out effort by the aged Nationalist leader to get rid of Col. Jalil Bozorgmehr, his court-appointed lawyer.

Bawling "Go away, damn you," Mossadegh rose from the bench and swung at Bozorgmehr, hitting him on the arm. Brushing the lawyer aside, Mossadegh staggered past three dumbfounded court officials and stumbled 20 feet down the aisle before officers caught up with him.

**\$800 DONATED
TO C.C. FUND FOR
NEW FOLDERS**
The Gettysburg Chamber of Commerce has raised \$800 of its \$1,800 to purchase 50,000 Gettysburg folders to distribute throughout the nation to promote tourist travel here.

N. A. Meligakes, president of the Chamber, said at a meeting of the board Monday night in its offices in the Plaza building that 25,000 folders have been received.

The Virginia Travel Council, which had asked for 25,000 folders to distribute in Virginia, will be shipped 5,000 "because we simply do not have enough for the demand," Mrs. Helen Snyder, secretary, said.

Need Donations
Directors asked those willing to donate toward the fund to send in their contributions now.

It was pointed out at the meeting that 50,000 folders are "a drop in the bucket" compared to the demand for Gettysburg literature throughout the U. S. and Canada.

Plans were outlined for the annual (Continued on Page 2)

GIVE APPROVAL TO SECURE LAND, BUILD SCHOOLS

Gettysburg Borough Council, at a special meeting Monday evening in the council chambers at the fire engine house, gave permission to the Gettysburg School Authority to purchase land and construct new schools and place the borough employees under Social Security.

The first ordinance, authorizing the Gettysburg School Authority to proceed with plans of the Gettysburg Joint School Board to construct a new elementary school and an addition to the high school was needed if the Authority was to carry out the wishes of the school system.

May Lease Buildings
The ordinance passed Monday night "specifying additional projects to be undertaken by the Gettysburg School Authority and authorizing other necessary actions," provides for the Authority to erect and furnish an addition or additions to the present Gettysburg High School Building; to purchase or otherwise acquire such lands as shall be necessary for the erection, construction and furnishing of elementary schools for the Gettysburg Joint School System and to erect, construct and furnish an elementary school building or school buildings on the site or sites purchased or otherwise acquired for the Gettysburg Joint School System." The ordinance also permits the Authority to lease the additions and new buildings to the school districts constituting the joint school system.

The second ordinance passed at the meeting provides for extension of the Social Security System to the "employees and officers of the Borough of Gettysburg."

Effective Jan. 1, 1951
Since all but two of the highway employees expressed their wish to enter Social Security as of January 1, 1951, council in its ordinance set that date as the start of the social security and the town will make a lump sum contribution to start the system for the local employees as of three years ago. The ordinance provides for the treasurer to deduct from the payroll of the employees the amount needed to cover their share of the lump sum to cover the period from January 1, 1951, to January 1, 1954, and to make regular deductions from their pay thereafter. Under a schedule worked out with the borough employees, one-tenth of the amount they owe for the back social security payments will be deducted from each pay until the entire sum is paid.

Passage of the two ordinances was the only business that could legally come before council at its special session, but the councilmen learned they may be asked to give a quit-claim deed for some (Continued on Page 2)

As both a son and a father, I feel deeply the basic truth in each of these wise folk sayings.

"As children, we love our fathers. (Continued on Page 2)

Joint School Board Asks School Authority Secure Bids On New Grade School Building By Dec. 14

After reviewing final plans in considerable detail Monday evening, the Gettysburg Joint School Board Monday evening requested the Gettysburg School Authority to advertise for bids for a new elementary school building expected to cost about a half million dollars.

At the same session the member boards signed some final certifications in the \$775,000 project to erect a classroom-auditorium addition to the Gettysburg High School building. Attorney Richard A. Brown said all of the bonds for the high school addition have been sold and the formality of signing the contracts will be completed by early next week. A meeting of the school authority is being held this afternoon.

The directors are asking for bids for the new elementary school building on the site east of the high school which the joint school district expects to acquire from the U. S. Government "well within the six-week limit set last month," Mr. Brown told the directors.

Open Bids December 14
The bids are to be opened December 14 at a regular board meeting. Representatives of the Buchart Engineering Company of York, architects for the new school building, described the grading that will have to be done on the new site and said the land east of the high school athletic field is "an excellent site and will afford a very fine setting for your new building."

The architects repeated what they had told the board last month, that the building may cost as much as \$50,000 more on the new site than on Colt Park chiefly because of the roadways and a bridge that must be constructed to it and because of the extensive grading involved. At the Colt Park site, little grading was required for the site which was below street level but had a natural slope to the west.

Getting Through Red Tape
Mr. Brown also told the directors the red tape connected with getting the deed for the government land is being run through rapidly and that the deed may be on record by next week. He said the U. S. Department of Justice has approved the procedure being followed and Brown asked the board to make available the \$15,000 involved in the land trade with the government. The joint district treasury does not have that much of a balance now but the Gettysburg board at a special meeting arranged to advance that sum when it is needed.

The school district now is in position to turn over to the Department of the Interior a check for \$15,000 and an option to a property of Mr. and Mrs. Luther I. Sachs, east of Wainwright Ave. and south of the high school building, in exchange for a deed for the 23-acre tract of government land lying east and south of the high school property.

BREAM CHOSEN

(Continued from Page 1)

We grow up admiring their physical prowess and their knowledge and their camaraderie. More often than not, we take for granted their supporting us—their provision of food and clothing and shelter and loving care. We go to them for advice, especially on what we like to think of as "men's affairs,"—or else we often wish we had gone to them for advice. Sometimes we think they are stern, but later, when we are older and more experienced, we agree with them that truly "a father," when punishing, is always a father; a slight punishment suffices for his anger. Eventually, our greatest tribute as children lies in our own yearning to become fathers ourselves.

"Love Our Children"

"Then, as fathers, we in turn love our children. We try to act toward them, consciously or subconsciously, as our fathers acted toward us. Of course, being of the next generation, we think that we are wiser and will imitate all good things but make none of the mistakes. And so we exercise our 'constitutional right' to make our own mistakes. In any case, we proudly take our children to visit 'grandpa' and we are doubly proud when someone remarks on a resemblance between an offspring and an ancestor. And so the God-instituted cycle is completed, and we know that Sophocles was right when he wrote: 'What greater ornament to a son than a father's glory, or to a father than his son's honorable conduct?'"

"Again then, welcome parents, and especially fathers, to this Gettysburg campus—campus on which the glory of honoring father and mother, as Christ honored the Father of us all, is ever and always deeply imbedded in our hearts and minds."

TEACHER FROM

cepted with regret the resignation of R. R. Herr as junior high athletic coach and mathematics teacher, effective January 1. Dr. Keefeaver said that to date there are no applicants for the position.

Ask Furniture Bids

The directors voted to advertise for bids for 12 new tables and 72 chairs for the cafeteria. Thirty-six new chairs for the industrial arts room already are on order. They were authorized last month. The board had offers from two local dealers but decided to advertise for bids. Increased use of the cafeteria makes the extra furniture necessary.

The directors granted requests from Ira Kerr, recreation director, for permission to use the old and new gymnasiums at the high school for a community basketball league two nights a week during the winter and for permission to hold adult classes one night a week for 10 weeks at the high school.

Current bills totaling \$2,365 were ordered paid.

Receive Monthly Reports

The usual monthly reports were submitted. The First National Bank, school district treasurer, filed a report showing total receipts of \$60,852 and expenditures of \$41,909 during the last month, leaving a balance of \$18,942 with a \$26,000 payroll to meet next week. Member districts were given statements Monday evening of the amounts they currently owe the joint district. Member districts are waiting for expected state appropriation payments.

The cafeteria report showed deposits during the last month of \$3,087 in addition to \$547 in federal aid. Expenses for the month were \$3,287. The Athletic Fund shows a balance of \$3,004 after a month's expenditures of \$3,137 and receipts of \$4,506.

GIVE APPROVAL

85 perches of land the town has discovered it owns.

Attorney Eugene V. Buleit told council that the request may come at the next regular meeting, even though there is no certainty on whether the land belongs to council, or whether it was sold to the Gettysburg Borough Authority under a "catch-all" provision of the deed of the town's sewer system to the Authority.

The land is part of the Winters estate. The town may have acquired the small strip along Rock Creek at the county home many years ago in connection with its sewer disposal system at that time. Ownership of the land had been forgotten until Joseph E. Codori decided to sell part of the property he owns in the area and the search of title discovered the small strip of land vested in the borough. The plan, Buleit explained, is to sell the land to Mr. Codori in exchange for a better right of way for sewer lines over property now owned by Mr. Codori.

Out Of The Past

From the Files of the
Star and Sentinel and
The Gettysburg Times

FIFTY YEARS AGO

The Election: The election of last Tuesday was the most quiet one ever held in Adams County; the vote polled was the lightest for many years; not more than 50 per cent of the entire vote being polled.

The Democratic ticket was elected by small majorities. Kelly, for Director of the Poor, defeated Riley, Republican, by 164; Dr. Stewart, for Coroner, was defeated by only 68 votes, while the Democratic candidate—Swartz—for Jury Commissioner, led Crist, Republican, by 25 votes. . . . so that the Republicans of little Adams were not by any means badly beaten. . . .

There are several reasons for the light vote polled. The county ticket was a small one and the weather being exceptionally fine, many farmers remained at home, being busy with their corn. . . . This, however, does not account for the light vote in the towns, for which there is no excuse.

Will Camp at Big Flat: James G. McIlhenney and Donald Spores of this place, Albertus Bell and Robert Bell, Jr., Straban township, will leave early next Friday morning for the "Big Flat," on the South Mountain, where they will camp for one week. They will devote most of their time to hunting pheasants.

Tate-Henning: The home of Mr. and Mrs. Philip Henning on York street was the scene of a very pretty wedding when their daughter, Miss Margie M. became the bride of Frank M. Tate, of Washington, D. C. The nuptial took place at high noon and was performed by Rev. Dr. T. C. Billheimer. The wedding march was rendered by Walter S. Henning, of Philadelphia.

Miss Ivy Henning was bridesmaid and Norman Tate, groomsmen.

On their return from a wedding trip, they will reside in Washington, D. C., where the groom holds a government position. . . .

Marriages: Adams-Weaver—Nov. 10, at Bonneville, by Rev. P. J. Costigan, Emanuel D. Adams, of McSherrystown, to Miss Mary Ann Weaver, of Bonneville.

Hockensmith-Hoofnagle:—Oct. 27, at Bonneville, by Rev. P. J. Costigan, John P. Hockensmith to Miss Marea P. Hoofnagle, both of Mt. Pleasant township.

Noel-Reinaman:—Oct. 22, at Littlestown, by Rev. J. Hamilton Smith, Charles Noel to Miss Malinda Reinaman, both of Littlestown.

Local Miscellany: William Homan has opened a restaurant in the basement of the Eagle Hotel, Entrance on West side.

\$5,000 has been subscribed by the citizens of Gettysburg to be used in defraying the expenses of the G.A.R. encampment in this place next summer.

The Woman's guild of the Episcopal church will have a food sale on Saturday morning, Nov. 21st, at eleven o'clock in the Warner building, opposite the court house.

Thursday morning the ground was covered with snow and on Saturday morning the thermometer registered 28 degrees above zero.

The fifty-eighth Congress convened in extraordinary session on Monday. Representative Joseph Cannon, of Illinois, was elected speaker. The Band of Hope will re-open for the winter next Saturday afternoon at 2:30 o'clock in the lecture room of Christ Lutheran church.

Degree Team to Chambersburg: The degree team of Gettys Lodge I.O.O.F. will exemplify the work of the 1st, 2nd and 3rd degrees of Odd Fellowship before Chambersburg lodge.

The members of the team are: Captain H. H. Mertz, C. B. Kitzmiller, E. E. Slaybaugh, Dr. J. W. Tudor, Francis Schriver, J. Harry and J. A. Holtzworth, Grant Weikert, Andrew Utz, Dr. Henry Stewart, F. M. Bream, Wm. B. Flemming, C. C. Sefton, Preston S. and C. B. Tate, J. C. Williams, H. A. Elliott, Jacob Ramer, Wm. Henning, M. A. Miller, T. J. Winebrenner, J. R. McCullough, C. W. Troxell and Prof. H. O. Himes.

Other members of the order who will accompany the team are M. E. Zinn, J. I. Mumper, E. Z. Miller,

Today's Talk

By GEORGE MATTHEW ADAMS

THIS GOLDEN AUTUMN
There is no better name for autumn than that it is the golden season—the one season of the year that bursts in a riot of color and beauty. I walked into my study-library today and there was a glow of gold from the maples and oaks, reflected from the sunlight upon the very walls of where I spend so much of my time.

Ah, and there is far more gold in the colorings of any autumn than there is gold at Fort Knox or any mine! For this gold has a spiritual quality to it. It touches the heart and is reflected to the soul. No wonder they call fifty years of happy married life the "Golden Anniversary."

Never shall I cease to wonder at the mystery, the beauty, and the gold of the dying year. It celebrates so much of what we all feel as the closing years of one's life creep upon us. In many a sense these are the golden years that we all experience, the richest and choicest of all those that have gone before. Each golden autumn has its unforgettable memories.

How choice to each one of us are the memories of youth, when we went barefoot and romped among the fallen leaves of autumn and gloried in the perfume of burning leaves! I glance from my library window and note the falling leaves that drop in clusters, so gently, like the waving of a conductor's hand before his orchestra. A spectacle of peace and quiet. Soon the winds of approaching winter will have swept each branch of the trees clean and bare, and each leaf will have gone to its nest in the arms of Mother Nature.

What a wealth of free beauty is the property of us all! Touring through my native state recently I was thrilled by this golden autumn, as picture after picture appeared, and I thought of all the scenes that duplicated the ones I saw, throughout all Canada and the United States. All this the heritage of anyone who is able to merely appreciate.

Tomorrow Mr. Adams will talk on the subject: "Do Nothing Hours."
Projected, 1955, George Matthew Adams Service

Just Folks

By EDGAR A. GUEST

THE TOASTMASTER
Through the dinner he's busy with pencil and pad. The names of the guests must correctly be had. The fruit cup, untasted, he pushes aside. And he takes not a bite of the chicken they've fried. The toastmaster cannot be bothered with these: Potatoes au gratin and carrots and peas.

The program is long. He must find time somehow To list every one who should stand for a bow. There are singers with numbers he has to announce. Some with words in their titles he cannot pronounce. There's a long-winded member who has to report. To whom he must whisper in time: "Cut it short!"

Of jokes he has heard he has scribbled a sheet And must choose the few good ones he hopes to repeat.

Some come without tickets (a habit of mine). He must see that they get them before they may dine. And at last when he rises his welcome to say. The toastmaster's pie has been carried away.

DISARMAMENT AND PEACE HINGE ON RED RUSSIA

UNITED NATIONS, N.Y. (AP)—The United States told the U.N. Monday disarmament and world peace depend on a "change of mind and attitude" by Russia's rulers.

In a major policy speech prepared for the U.N. Assembly's 60-nation Political Committee, chief U.S. Delegate Henry Cabot Lodge said:

"The fighting in Korea obviously made disarmament talk unreal. But now we have an armistice, and the United States continues therefore to hope that despite the discouraging nature of the Soviet note of Nov. 3 in connection with a four-power conference on Germany, the Soviet leaders will yet give concrete indications that they actively desire to remedy the current state of international affairs."

Must Curb Tensions
"We hope they will join with us in practical steps to reduce international tension which will be reflected in developing a disarmament program. . . .

"Disarmament is impossible without international security and vice international security has been achieved, disarmament cannot be conducted without proper safeguards."

Lodge said no balanced disarmament program can be put into effect "until world tensions have been reduced by settlement of some of the major political issues between the Soviet Union and the free world."

But, he added, agreement on such a disarmament program would help ease the world tensions. "The existence of international security depends on a change of mind and attitude on the part of the rulers of the Soviet Union."

FOOD MARKET BURNS
PHILADELPHIA (AP)—An early morning three-alarm fire razed a food market and damaged an adjacent U. S. Post Office Monday in the Roxborough section of northwest Philadelphia.

Firemen quoted the manager of Shirley's Food Market as placing damages to stock and fixtures at \$60,000, exclusive of actual property loss, they said.

Wm. T. Ziegler left on Saturday to attend the dedication of the 73rd Penna. Regiment monument at Chattanooga, Tenn.; and also the dedication of the 77th Penna. monument at Shiloh. Mr. Ziegler was one of the party that left Washington on a special train. Among the party was Governor Pennypacker, Adj. Gen. Stewart and other prominent G.A.R. men.

8 Marines Safe; Four Planes Lost

MIAMI, Fla. (AP)—Eight Marine Corps fighter pilots on a flight from Puerto Rico to Miami were back at their station Monday but four of the planes were lost.

Three of the F4U Corsair one-seater planes were ditched at sea and another was wrecked at nearby Homestead on Sunday after strong headwinds ate up their fuel supply.

The other four landed safely at Homestead with insufficient fuel to carry them the 30 miles to their Miami base. They were one of four groups returning to base after maneuvers.

The three pilots who abandoned their aircraft were rescued by surface craft.

TRUMAN SILENT ON WHITE CASE

NEW YORK (AP)—Former President Harry S. Truman declined Monday to comment on Republican charges that he promoted the late Harry Dexter White after the FBI reported that White was a Soviet spy.

"You're just wasting your time. I have no comment," Truman told reporters when he arrived at the Pennsylvania station to fill speaking engagements here this week.

He answered all questions about the White case with "no comment."

The charge that White was a spy was made by Atty. Gen. Brownell in a speech at Chicago last Friday. Truman said in Missouri that "as soon as we found out (White) was wrong" he was fired by being permitted to resign.

Reporters fired questions about the White case as the former President walked along the train platform. He told newsmen they would have to ask his press aide, Matthew Connelly, whether there would be a press conference on the White matter. Later Connelly said there would be no formal press conference.

Connelly and Mrs. Truman accompanied the former President. The party was greeted at the station by the Trumans' daughter, Margaret.

STATE RETURNS TO NORMALCY AFTER STORM

By THE ASSOCIATED PRESS
Some semblance of normalcy returned to the Keystone State Monday as Pennsylvanians put the finishing touches to digging out from under the worst snowstorm this early in November since 1898.

The storm, which blew in suddenly from the Carolina coast last Friday, took nine lives, blocked highways, tied up traffic, wiped out sporting events, and buried Lock Haven under a 25-inch deep white mantle before it moved on to Canada Saturday. The Lock Haven snowfall was the heaviest in the state.

Then the stricken communities in the eastern half of the state began the task of cleaning up. By Sunday Chief Engineer C. H. Buckius of the State Highways Department reported all main highways or suitable alternate routes were opened.

Five Die In Cars
The immediate outlook, as reported in Philadelphia by the U. S. Weather Bureau, was for generally fair weather with below-normal temperatures.

The storm wiped out many high school and college football games and other outdoor sports events. Buses and trains ran behind schedules—hours behind in some cases. Cars skidded on hills, blocking mountain roads.

In Chester County three persons riding in an auto parked their car to wait out the storm. They were all found dead later, apparently of carbon monoxide poisoning. A priest and a cab driver were found dead in a stalled taxi in Berks County, again apparently of carbon monoxide poisoning. Others died of heart attacks as they battled through the storm.

The Dead Sea is 10 miles wide and 47 miles long.

Warriors Lose 12-0 To Mechanicsburg Gridders In Final Game Of Season

Thwarted three times in the first half, twice on fumbles and once on a goal line stand within the five-yard line, and another fumble early in the third period, the Mechanicsburg High School football team put across a touchdown with 18 seconds remaining in the third period and added another after 5:30 minutes of the final quarter to defeat the Gettysburg High Warriors 12-0 here Monday evening in a South Penn Conference game before approximately 2,300 fans, at least half of whom were from Mechanicsburg.

It was Mechanicsburg's game the whole way as the Wildcats kept play confined entirely to Warrior territory until the late minutes of the final period when George Penn connected on three passes to move the ball to the Wildcat 25 where the visitors braced and took over.

Irvin Alexander returned Penn's opening kickoff to the Wildcat 42 and from there the visitors ripped through the Warrior line for five straight first downs to the Gettysburg 8 on the ball-toting of Don Pottelger, Alexander and Gerald Wood. Bob Enck hit the line but fumbled and Merle Gorman pounced on the ball for a recovery on the 4 to halt the drive. Bill Williams got one yard and Bobby Rohrbach two before Penn booted to Alexander who got back to the Warrior 44. Two straight first downs moved the ball to the 18 as the period ended.

Enck heaved a pass to Leon Fuls for a first down on the 8. The Warriors braced and held on the six-inch line. Penn hit the line for 2 yards and then punted to his 47. Once again the hard-running Wildcat attack was good for three straight first downs to the 9. Alexander picked up a yard and a line smash by Wood was stopped cold. On the next play Enck fumbled and Penn pounced on the ball which was inches short of the goal. He promptly booted out to the 37 and two plays later intercepted a pass by Enck to get back to the 18 as the half ended.

"Chick" Livingston returned the second half kickoff to his 20 but the Warriors were in hot water again when Penn was spilled back on the 5 as he attempted to pass. Terry Culp banged center for 3 yards. Penn then punted but the ball went off the side of his foot and John Mackey took it on the 15 and reached the 4. On the next play Williams fell on Enck's fumble to give Gettysburg possession on the 3.

Penn got 6 yards at center and then Rohrbach took a pitchout to pick up the Warriors' initial first down on the 16. The Wildcats held and Penn finally booted to the Mechanicsburg 47 from where the visitors rolled up three straight first downs to the 12. Wood got 8 yards through the left side of the line and then plowed through center to score with 18 seconds remaining in the period. Jack Quigley's kick for the point was wide.

Mechanicsburg moved 43 yards for a score after 5:30 minutes of the final period, Enck pouncing over from the 5 on a delayed buck. A poor pass from center was fumbled and the kick for the point never materialized.

Dave Thomas returned the following kickoff to his 34. Penn hit Rohrbach with a pass for a first down at midfield. Another pass, Penn to Musser, put the ball on the 25. Two aerials were grounded before Penn was tossed on the 41. A pass to Musser was allowed on interference and the 15-yard penalty made it an automatic first down on the 25. Three more passes went wild as Mechanicsburg took over with the game ending shortly thereafter.

The visitors picked up 19 first downs to but four for Gettysburg. Mechanicsburg took to the air only three times, completing two while one was intercepted. Penn connected on three of 12 aerials.

Season Successful Despite losing their third in a row after winning their first six games, the Warriors closed their season with a far better mark than anticipated before the opening.

Mechanicsburg displayed one of the best ground attacks the locals have faced all season. They now have a 7-1-1 mark.

All of the half time entertainment was furnished by the Mechanicsburg band. The Gettysburg band was present but did not don uniforms or drill.

The lineup: Gettysburg Ends—Musser (co-c), Baughman, Thomas, Gorman. Tackles—Schmitt, Dillman, Dearing, Kuykendall. Guards—R. Crouse, T. Crouse, Bushman, Staley, Bondurant, Spence. Centers—Westerdahl, Bushey, Hertz. Backs—Penn (co-c), Williams, Culp, Livingston, Rohrbach, Stough, Furney, T. Crouse.

Mechanicsburg Ends—Stansfield, Bashore, Fuls, Fisher. Tackles—Miller, K. Wood, Pentz, Weber. Guards—Hertzler, Quigley, Sauve, Fickes. Center—Kohlhass. Backs—Enck, Wentz, Alexander, Woolford, Mackey, Pottelger, Brackbill.

Decision Due Tuesday On Marty Marion

BALTIMORE (AP)—The official word is due today whether Marty Marion is to manage the Baltimore Orioles next year and the conjecture is that the answer will be no.

Marion and Art Ehlers, Orioles general manager who is making the decision, talked four hours behind closed doors yesterday, but enough seeped out to make the odds appear against Marty.

In the first place, there was no good reason given for Ehlers' saying "Marty's position will be determined in the next 24 hours." Some thought it was to give Marion time to get out of town and back home to St. Louis.

Marion made it clear, "I want to manage the club—definitely," and that he wasn't resigning.

CORRY ELEVEN FIRST TO WIN PENNANT TWICE

By DICK HOENIG HARRISBURG (AP)—Corry High's football team defeated Oil City, 32-6 over the weekend and the victory earned at least three firsts for the Erie County school.

The Beavers are the first major schoolboy eleven in the state to finish their 1953 slate with an all-victorious record. They are the first to win a 1953 major conference title. And Corry also is the first school ever to win two Section championships in the three year history of the upper northwest Pennsylvania loop.

Corry's ninth win of the campaign extended the state's longest major winning streak to 17, including the final eight games of 1952. Last to defeat Corry was the same Oil City eleven, 20-13, on the first football weekend of last season.

Corry is one of only two defending champions in the state's half dozen big conferences that can repeat last year's showing. All the others were eliminated weeks ago.

Beat 5 League Foes The Beavers beat all five conference foes in running up almost 400 points against 50 for the opposition. Only once (14 against Millercreek) did they fail to tally 30 points.

The year's first snowstorm caused cancellation and postponement of all but a handful of eastern and central Pennsylvania games. Many are scheduled for today while others will be played later this month.

Among the big ones called off were the Pottsville-Tamaqua battle for East Penn southern division honors; and the West Scranton-Swoyersville game in the northern division. Both are tentatively set for tonight.

A rundown of the major league standings after nine weeks of play: Holds Big League EAST PENN.—With only 5 of 21 games played the league did not issue new ratings this week. Scranton Tech still holds a trimmed 107 point lead over West Scranton, just about the only other northern contender. In the southern division Tamaqua has a 10 point edge over Lansford and 30 points over Schuylkill Haven with Pottsville in fourth.

WESTERN—Adams Twp. (8-0-0) holds a substantial 35 point margin over Windber (5-1-0) but anything can happen under the rating system used. Still in the running are Lock Haven, (6-0-0), Bellwood-Antis (9-0-0), and Phillipsburg (5-0-1) and possibly DuBois and Punksutawney.

Unlabeled Is Eliminated WPILA—Unlabeled was eliminated from Class AA contention, 14-7, by a Brownsville squad that had won only half of its previous eight contests. The first loss after eight triumphs for Unlabeled was Har-Brack, Donora and New Castle in the running for the championship won last year by Aliquippa. They do not meet this year—unless a playoff is scheduled.

CENTRAL—All weekend games were snowed out leaving York's unbeaten and untied Bearcats in front on a 5-0 league mark. York is due to play at Steelton today and after that only Lancaster will remain in the Bearcats' path towards their first Central Penn title.

SOUTH—The pre season favorite and defending champ Hershey leads with a 2-0-1 mark and can clinch at least a tie by beating Hanover if last Friday's game ever is played. Only Chambersburg is within striking distance, with two wins and a tie in three league games.

RACING ROUNDUP By THE ASSOCIATED PRESS NEW YORK—Ted Atkinson rode This Side (\$9.80) in the Mahopac Purse at Jamaica, for his third victory of the day.

LAUREL, Md.—Gweny G. (\$11.60) won the feature at Laurel.

DELONE BEATS LITTLESTOWN ON MONDAY, 27 TO 6

On a sodden field, whose sidelines and end zones were banked high with mounds of snow, Delone High School Monday night was hampered by numbing cold and a muddy turf but overcame both obstacles to administer a visiting Littlestown eleven an artistic 27-6 setback before a shivering crowd of 548 who witnessed the first football contest between the two schools.

With "T" master Dan Greenholt piloting Delone in the air and along the ground and Martin (Buddy) Redding and Don Chrimer tearing off huge chunks of yardage through the Littlestown forward wall, the Squires found the perilous footing no handicap as their punishing offensive power scored heavily in each of the first three periods.

Littlestown, winner of only one game this season and attempting to scissor a four-fray losing streak, had pinned its hopes on the running and passing ability of its outstanding fullback, Don Kump. However, the Squires' alert downfield defenders intercepted several of his tosses at crucial moments early in the game to nullify the Bolt's individual brilliance on the ground.

The victory will send Delone looking for its third conquest of the campaign against Carlisle, Friday night, in the Squires' 1953 finale away from home. Littlestown concluded its schedule last night.

In the aerial duel between Greenholt and Kump it was the Squires' hard line play which turned the balance in favor of the parochial's 16-year-old junior. Littlestown attempted 13 passes, completed seven, and had three intercepted. Delone hurled 11 completing six.

Hurls 30-Yard TD Delone's groundwork piled up 13 first downs to seven for Littlestown which was forced into the air in desperation during the latter half of the game after the Squires had manufactured a 27-0 advantage.

With three minutes play remaining in the final period, Coach Jack Evan's Bolts marched 84 yards into the Delone end zone—climaxing their sustained drive with a 30-yard scoring pass from Kump to Elvin Chronister. On Littlestown's way to paydirt, Kump either ran or passed in 12 of 13 downs.

For all of the first period play between the two teams was on equal footing. Then, with 5 seconds to go Redding, a 150-pound Gettysburg youth, broke through tackle from the two-yard line to tally the Squires' first of four TD's. Chrimer kicked the first of his three successful extra points.

Intercepts Pass Littlestown took possession at the outset of the second quarter and, to the consternation of highly partisan Squire rooters, appeared likely to score as they advanced from the Bolt 20 to Delone's 38. At this point, Delone tackle Glenn Zeigler leaped high into the air to spear a Kump pass and the enemy scoring threat evaporated. Snaring the ball on his own 30, Zeigler drove to the Littlestown 35.

Redding picked up 8 yards through guard on a delayed buck and Greenholt found a receiver in Jude Smith on the 12. On the next two plays Redding smashed to the Bolts' six-inch line and Greenholt tallied on a quarterback sneak which almost carried him out of the end zone.

Delone scored twice in the third stanza with Chrimer, playing his final home game as a graduating senior, the major foe to the Thunderbolt cause. He side-stepped back-tracked, and danced through the entire Littlestown secondary to score the first on a 27-yard run.

Minutes later Chrimer trapped a Bolt fourth-down boot on his 45 and returned the punt 35 yards into Littlestown territory. Only a flying block by Charles Hall, which tumbled him out-of-bounds on the visitors' 24, prevented him from going all the way. Greenholt took to the air on the ensuing play and hit Burnell Bevenour standing in the end zone for the Squires' concluding touchdown.

Delone threatened again later in the third period but the Bolts held and took possession on their 17-yard line.

YOVICSIN DENIES COACHING OFFERS

Rumors in limited circulation during the past week or two to the effect that Johnny Yovicsin, head coach of football at Gettysburg College, had been offered the coaching assignment at Lafayette College, Easton, Pa., were denied over the weekend by Yovicsin. He also denied that the had been offered a coaching position in the Ivy League.

Reports were to the effect that the Bullet coach had been offered the coaching position at Lafayette and a similar offer had been received from one of the Ivy League schools.

The questions were put to Yovicsin: "Were you offered the coaching job at Lafayette?"

"No, I wasn't," Yovicsin answered.

"Were you offered a coaching job in the so-called Ivy League?"

"No, I wasn't," Yovicsin replied.

BUCKNELL GAME HEADS REDUCED GRID PROGRAM

A reduced football schedule is offered local fans the latter part of the week, due primarily to Gettysburg and Littlestown High Schools completing their seasons Monday night.

The top attraction this week will be the Gettysburg College-Bucknell University battle here Saturday afternoon at 2 o'clock.

For the first time in many seasons, perhaps in history, the Bullets will be a slight favorite to stop the Bisons. Whereas the Bullets have won six in a row since losing the season opened, Bucknell has dropped the same number after having won over Buffalo. Despite their record, the Bisons offer a very serious obstacle to the Bullets who are out to set an all-time win and lost record. Coach Johnny Yovicsin's lads need a victory over Bucknell and another over Franklin and Marshall here November 21 to establish the new mark.

Jr. Hi Game Thursday Starting the program will be the Gettysburg Junior High game with Mechanicsburg here Thursday afternoon at 3:30 o'clock. The game will be the final for Coach Rogers Herr's lads who have won three and lost three.

Friday afternoon the undefeated Gettysburg College frosh will meet a strong Stevens Trade School outfit at Lancaster.

Delone Catholic of McSherrystown brings its season to completion Friday night with an engagement with Carlisle High on the latter's field.

The final game of the week will be staged at Biglerville Saturday evening at 8 o'clock when the Cannons end their campaign with Washington Township, Laurel Conference champions for the past three seasons. The game was originally scheduled for Thursday but was set back to Saturday due to the Bulldogs meeting Scotland Monday in a makeup of a postponement.

Gettysburg College's soccer team engages in its final home game Thursday afternoon by meeting Western Maryland here.

MARYLAND AND ILLINI GAIN BUT IRISH ON TOP

NEW YORK (AP)—The nation's newspaper and radio football experts continue to pick Notre Dame as the No. 1 team with Maryland and Illinois steadily gaining runner-up support.

The Fighting Irish polled 79 of a possible 125 first-place votes in the seventh weekly Associated Press balloting and a total of 1,159 points on a system which gives 10 points for each first-place vote, nine for second and on down the line.

Notre Dame has been on top in every poll this season. This week Maryland gained 31 points on the Irish, probably because Notre Dame had a real battle before overcoming underrated Pennsylvania 28-20 last Saturday. Maryland whipped George Washington 27-6.

Illinois Third Illinois, which like the first two teams is unbeaten but which was tied by Nebraska in the season opener, took over third place from the Baylor Bears, who tumbled to ninth after being beaten by Texas 21-20. Illinois rolled over Michigan 19-3.

Maryland got 24 first place votes, Illinois got four. Michigan State moved up from fifth to fourth after defeating Ohio State, and Georgia Tech, beaten only by Notre Dame, advanced from sixth to fifth.

Oklahoma Moves Up Oklahoma, apparently headed for another Big Seven title, jumped from eighth to sixth and UCLA advanced from ninth to seventh with the least possible effort. The Uclans didn't play last week.

West Virginia's narrow squeak against Virginia Tech in which the Mountaineers had to come from behind in the second half for a 12-7 victory cost them support and they slipped from seventh to eighth.

Texas is the only new face in the top 10. The Longhorns replaced Duke as the No. 10 team after the Blue Devils were held to a scoreless tie against Navy.

Supreme Court Rules Baseball As Sport Not Subject To U.S. Anti-Trust Laws; Up To Congress

WASHINGTON (AP)—The Supreme Court has said it will keep hands off professional baseball, and that put it up to Congress to decide whether something should be done about the game's disputed reserve clause.

No action seemed likely any time soon. The Supreme Court decision yesterday said that baseball, as a sport, is not subject to the federal antitrust laws. The court thus did not consider legality of the reserve clause, under which the services of baseball players are in the absolute control of the club holding them under contract.

Legislation Possible Some baseball people, such as minor league boss George Trautman, interpreted the decision as meaning that "we can proceed with confidence, knowing that there will be no legislation put in the way of the game."

While Trautman may be right, it is not certain. For Congress has the right to legislate as it sees fit in regard to baseball.

Rep. Keating (R-N.Y.), chairman of the House judiciary subcommittee on monopoly, said his group will consider "with an open mind" any legislation proposed about baseball.

Two Justices Dissented He said he is in complete agreement with the 7-2 Supreme Court majority which ruled that baseball is a sport, not an interstate business within the meaning of the nation's antitrust laws.

But he said his subcommittee will study any legislation "either to bring baseball squarely under the antitrust laws or exempt it expressly from its provisions."

The Supreme Court ruling, from which Justices Burton and Reed dissented, could foreshadow defeat for the government's antitrust action against the National Football League. The government argued that the league's restrictions on radio and television coverage of games is in violation of the antitrust laws.

But if pro football, like baseball, is held to be outside the province of the antitrust laws, it doesn't matter whether it violates those laws.

MOSSADEGH CHALLENGES TRIAL COURT

By DON SCHWIND
TEHRAN, Iran (P) — Angry ex-dictator Mohammed Mossadegh, challenging the competence of a military tribunal to try him as a traitor, Monday threatened to commit suicide, fired his lawyer and warned the court he might boycott future sessions.

Clad in his customary pajamas, the 73-year-old former Premier told the court he would not appeal any sentence it might mete out.

"I will not accept any forgiveness, I will stay in this prison until I die. If you release me, I will commit suicide as soon as I get hold of the means," he shouted.

Says He won't Attend
"I am not going to attend the coming sessions even if you cut off my head," he declared at the climax of a heated argument with Gen. Nasrollah Moghbelli, chairman of the five-man tribunal.

It was the second day of the trial for his life. As he did on the

Blames Extremists For Trieste Riots

LONDON (P)—Foreign Secretary Anthony Eden has accused extremists inside Italy of provoking last week's riots in Trieste. He demanded the Rome government clamp down on them.

Eden told the House of Commons that about 3,000 persons from Italy tried to storm the American-British occupied Zone A of Trieste on Nov. 3 and Nov. 4 but most were turned back.

"In spite of this, large numbers succeeded in entering or infiltrating into the zone and took part in the riots," he said.

He declared that the riots were "deliberately provoked and at least partly organized from outside Zone A," but the "sole responsibility for these tragic results must rest with those extremist elements who deliberately provoked and organized these disorders."

Honest Pup Gets Permanent Home

WARREN, R.I. (P)—A mongrel pup, not worth much as dogs go, bought itself a permanent home here with \$100 in cash.

Mrs. Patricia O'Donnell, return-

first day, he wept, panted, pounded the table and gesticulated.

He made fiery speeches against the British, whom he had fought to a deadlock over this nation's vast oil riches.

At both sessions, Mossadegh declared the military court was not competent to try him on charges he tried to overthrow the monarchy, defied the Shah (lower house of Parliament). And at each, he used the old argument—the British were the cause of Iran's woes—that once had brought him unprecedented power until his overthrow and subsequent arrest after a bloody Aug. 19 coup led by supporters of the Shah.

BIG 3 DENOUNCE ISRAEL FOR 53 ARABS' DEATHS

By TOM HOGUE

UNITED NATIONS, N. Y. (P)—The Big Three have denounced Israel before the U. N. for the recent killing of 53 Arabs in the Jordan border village of Kibya. But they have agreed to hold off a call for Security Council action until both sides have their say.

Israel's Chief Delegate Abba Eban told the council he will plead his government's case when the hearing is resumed Thursday.

Halt Jordan Project

Israel, meanwhile, faced another going-over today before the council on neighboring Syria's complaint she is stealing the life-giving waters of the Jordan from Arab farmers by diverting the river for an Israeli hydroelectric project.

Israel agreed—at the U. N.'s behest—to halt work on the Jordan project while the council debates the Syrian complaint. But Israeli sources indicated last night if the council does not take action soon, she will seek permission to resume work.

Britain, France and the United States last night joined in strongly censuring the Oct. 14 Kibya raid by Armed Israeli as a flagrant violation of the already strained Palestine armistice. They said the incident endangered the peace in the Middle East. They appealed to Israel to stop trying to justify the incident as a logical act of reprisal and to help bring the guilty ones to justice.

An authoritative Big Three source said today Eban's response to the Western censure largely will determine how strong the wording of their resolution on the border killings is to be.

On Sunday the homeless pup ambled up to Mrs. O'Donnell in her yard, dropped the purse at her feet, with the money intact. Mrs. O'Donnell believes the pup found the purse where it had dropped from her bag somewhere along the way home Saturday. She promptly adopted the dog as a family pet.

WEALTHY STORE OWNER IS DEAD

WILDWOOD, N. J. (P)—Sebastian B. Ramagosa, 57, millionaire race horse and store owner, died Sunday in Burdette Tomlin Memorial Hospital of a cerebral hemorrhage.

Ramagosa was said to be the first person to sponsor dance marathons during the 1930s. Among those employed by him were Red Skelton, Frankie Laine and June Haver.

His enterprises were concentrated in Wildwood, where he owned 76 stores, a local bus company and a turkey farm. Other interests were nationwide. He owned a stable of racing horses which were in meets throughout the East.

He had operated 110 marathons throughout the nation prior to World War II.

During the winter, he lived at his Milford, Pa., estate.

By his side when he died were his wife Jeanette and three sons, James, William and Gilbert.

SEIZE GAMBLING DEVICES

LEWISTOWN, Pa. (P)—State police of the Lewistown barracks late last night raided more than a dozen business establishments in Lewistown and Mifflin County and confiscated an unannounced number of gambling devices.

The raid was led by Sgt. Robert H. Raymond. Some 1,000 punchboards were taken to the police substation from a wholesale business firm in Lewistown.

COUPLE BITTER AT KIDNAPER; RETURN HOME

TULSA, Okla. (P)—A young Indian sailor and his wife, overjoyed at recovering their baby boy unharmed but bitter at their kidnaper, prepared today to return home.

Mr. and Mrs. Richard Duane Stammer, still almost unable to believe 5-month-old Richard Lee was safe in their arms, were to leave by plane for Evansville, Ind.

They uttered words of bitterness at Mrs. Tommie Dene Doughty, a 17-year-old former carnival stripper-teaser with a mother complex who admitted taking the child while baby-sitting for the Stammers Friday night.

"Felt Awful" "It doesn't matter to me what they do to that girl," said the 18-year-old mother. "I have no sympathy for her. She had none for me."

Meanwhile, Mrs. Doughty, who said she wanted the child to replace one lost at birth, began to show the first signs of remorse from her jail cell at Muskogee. The twice-wed girl, held under \$20,000 bond on kidnapping charges, insisted: "I didn't commit no crime, I was going to take the baby back. I got to thinking about how his mother felt, it made me feel awful."

Couple Unforgiving But Stammer, 20, and his wife, who had given the baby up for lost, were unforgiving, remembering the teen-ager's vow to get Richard Lee again when he is grown.

They flew to Oklahoma yesterday when the FBI announced it had arrested Mrs. Doughty at her parents home near Bokchito shortly after she completed the flight by bus and hitchhiking.

CONGRESSIONAL ELECTION TEST IN CALIFORNIA

LOS ANGELES (P)—The final congressional election of the year drew nationwide attention today to the 24th California District, where a Democratic victory would reduce the Republican House majority to two representatives.

The registrar of voters has forecast a 40 per cent turnout, or about 66,000 votes, in the special election.

WILSON SAYS REDS WERE GIVEN ALL NAZI SUBS

WASHINGTON (AP)—Secretary of Defense Wilson said Monday that after World War II "we were dumb enough to turn over the whole German submarine fleet to the Russians."

Wilson, in a copyrighted interview with the magazine U. S. News and World Report, also said he had been misquoted as saying during Senate hearings on his nomination that "what's good for General Motors is good for the country."

He did not elaborate on his remark about German submarines, nor say how many the Germans had when they surrendered. Asked about reports that Russia has the world's second largest Navy, Wilson said:

"The first thing I would like to do in my job down here is to work over some of the mistakes of the past."

Wilson, president of General Motors Corp. before President Eisenhower picked him to be secretary of defense, said that during Senate Armed Services Committee hearings on his nomination, held behind closed doors, he was asked about the possibility of having to make decisions which might conflict with the interests of GM.

He said he replied that he could make such decisions but could not conceive of any such conflict "because for years I have thought that what was good for the country was good for General Motors, and vice versa."

Wilson continued:

"Some reporters picked up that 'vice versa,' amplified it out of context, and that's the only thing they represented as a quotation from what I was supposed to have said."

Wilson foresaw no possibility of

PITTSBURGH (AP)—The State Superior Court opened its fall session Monday, with the proposed 20-cent Pittsburgh trolley fare the biggest issue in the more than 100 cases.

The court's opening session was devoted to memorial services for the late Judge W. Heber Dithridge, of Coraopolis. He died last spring.

Because of its crowded schedule, the court will hear appeals as usual on Wednesday, Armistice Day.

Although the use of "clipper" ships in the 1850s gave Americans an advantage on some ocean routes, America's brilliant era in merchant shipping already had begun to decline at this time.

ITALIANS QUIT WORK FOR SIX KILLED IN RIOTS

ROME (AP)—Italians from Trieste to the toe of the peninsula laid down their tools Monday in a 10-minute "memorial" work stoppage for the six persons killed by police during Trieste rioting last week.

The suspension was called by all three of Italy's big labor federations, representing nearly all Italian workers. They said only essential public services continued during the period. Many schools in Rome observed 10 minutes silence.

The nationwide demonstration followed a bitter accusation on Sunday against the British commanders of the Trieste civil police by the Italian government. Its report said the bloodshed in the disputed Adriatic city "was caused by riot squad tactics of the police, which were characterized by extreme severity and the hasty use of firearms."

Called Unjustified

The report charged the police measures were unjustified. It added that the British had failed to heed advance warnings by Italian officials or Italians' pleas to ease the situation. Two British officers were named as being among those at fault.

Monday's work stoppage marked the second consecutive day of calm following the bloody riots that swept Italy last week.

Riot police and Carabinieri stood guard outside the British Embassy in Rome, where 12,000 rioters battled with police Saturday, but there was no demonstration. Police also were in relatively large numbers near the U. S. Embassy but had nothing to do.

Trieste Itself, where an estimated 150,000 persons turned out yesterday to bury the six riot victims, also remained quiet.

The bones of birds are often without marrow in adult life.
